

Damage and conduct policy

- I understand that I am responsible for all equipment I am renting from Carving Crew Rentals while it is in my possession.
- Furthermore, I understand that any damaged, lost or stolen equipment rented from Carving Crew Rentals must be paid for by me or my legal guardian at full replacement value. Damage waiver insurance does not cover missing equipment or parts that are missing from equipment upon return.
- I understand that Carving Crew Rentals is renting precision alpine snowboarding gear expressly designed for carving snow on piste, not freestyle boards for rail sliding, jibbing, cliff jumping, tree snowboarding in any form, aerials, butters on the nose or tail of the board, off piste snowboarding or any related activities in terrain parks or half pipes.

By signing this document, I attest that I understand the entire damage policy, agree to abide by the above stated restrictions on use and take full responsibility for my actions.
